

Dear Press representatives,

The **East-West Gate (EWG)**, Europe's largest intermodal combi terminal based on track change, introduces itself for the first time to the international professionals at a press conference in the framework of **TransRussia Exhibition**. The construction of the terminal started this January, at the Hungarian Fényeslitke, located near the tripoint of Hungary, Ukraine and Slovakia.

The date of the press conference: 13 April, 2021, 11 a.m.

The venue of the press conference: Moscow, Crocus Expo, Transrussia Expo, Pavilion 1, Hall D

The press conference will be held by **Mr. János Tálosi**, Chief Executive Officer of the **East-West Intermodal Logistics Plc.**

Hungarian-Russian and Hungarian-English simultaneous interpretation will be provided at the press conference.

Topics of the press conference:

- The importance of the EWG in transit traffic between Europe and Asia, the main destinations of the route,
- the capacity and capabilities of the terminal,
- world-class technologies for fast and secure service,
- unique ability to handle special materials,
- possibility to transport Russian products,
- 3D demonstration of the terminal,
- live video of the construction,
- questions-answers,
- interview possibility.

Participation is subject to pre-registration. Please indicate your intention to participate and possible interview request at the info@eastwestil.com email address.
